

**Horsham Debt Advice Service**

We offer free and impartial debt advice to those in financial difficulty.

At present we have 111 clients with more new clients awaiting appointments.

It costs us approximately £100 per annum per client once training, compliance, insurance, office space, computer services professional are taken into account.

All our staff are volunteers and we rely on charitable donations to fund our service.

We are launching an appeal to try to raise funds to ensure we can continue to provide this much needed service.

As Lockdown and Furlough come to an end our service will be in more demand over the coming months.

All donations are valued, a one off or regular donation will help us greatly. A regular donation of five pounds ( the price of a couple of coffees ) per could transform our finances. Please visit our giving site at [www.stewardship.org.uk/partners/20372754](http://www.stewardship.org.uk/partners/20372754) to donate.

If 100 people responded to this appeal and made regular donations of £5 per month our financial position would be so much stronger.

The service started in 2003 and over those 18 years has helped many people most of whom were vulnerable. The loss of the service could push people like them into the hands of unscrupulous agents and lead to serious and distressing consequences.

Thanks for taking time to read this, please give as generously as you can.

**Also, can you please vote for us, on the website below, so that our charity has the chance to win a donation of £1,000?**
